

Practical experiments evaluation guide

Please make sure you evaluate (write about) each piece of work you create on your blog, follow the tasks below to help you.

Task 1 Presentation

Upload photographs of the work to your blog. Present images of work as you are making it and the finished outcome. Use an 'image block' and a 'gallery block' on your WordPress page.

Task 2 Evaluation

1. What was the task and what did you do?
2. What materials or software did you use?
3. What techniques did you use? How did you make it?
4. What problems did you encounter and how did you solve them?
5. What went well and why? What are you particularly pleased with?
6. What could you improve in the piece of work if you had more time?
7. How is your work similar or different to the artist you were looking at?
(use this question if appropriate)
