

L3 Ext. Diploma - Review of Previous Student's Blogs

Your Name:

Name of Previous Student:

Instructions: As part of your peer review, please thoroughly look through the blog work of a previous student and answer the following questions.

Your responses should be detailed and provide constructive feedback based on your observations.

1. Overall Opinion of the Blog Work: What is your overall impression of the blog? Is it visually appealing and easy to follow? Does it clearly reflect the student's creative journey throughout the project?

2. Presentation and Navigation: What do you like about the presentation of the blog? Is it successful in terms of layout, image quality, and organisation? Is it easy to navigate and find specific sections like research, practical work or evaluations?

3. Written Work and Critical Analysis: How would you rate the written work? Is it detailed and well-written? Does it include critical analysis of the work, both their own and others'? Is the primary & secondary research thorough, and does it link well to the practical work created?

4. Practical Work and Media Exploration: Does the practical work link clearly to the research and ideas presented on the blog? Has the student explored a range of different media and techniques? Are the ideas and outcomes developed in a clear and creative way, or could they have tried using different techniques? What techniques could you use in project 2?

5. Bonus Reflection: Is there anything you would change about your own blog based on this review? What improvements or adjustments could you make to enhance your presentation/ research/ artwork/ reflections?
